

FOOD SERVICE

IMPORTANT UPDATE

North White was notified that we are now eligible to continue our Summer Feeding program for our students through December 31, 2020.

This means that beginning now through December 31st, our students will be able to receive regular Breakfast and Lunch at no charge.

Any extra item(s) or A La Carte item(s) will still incur additional charge(s).

This option is also available for our virtual students as well. We will be sending out an email to our virtual students with details on how to participate.
