Overview

This document provides an overview of the various options available in Family Access and is intended for district staff who are supporting Family Access users. District staff members have the capability to limit which areas and options are available to the Family Access user. With this in mind, some of the options you will see may or may not be visible in your district's Family Access application.

Student Information Bar

This area is located at the top of the screen and displays the student's name, the individual currently signed in, and various other tools and options described below. When a family has more than one student, you will see an All Students drop-down list, which will allow you to select an individual student within the family.

My Account

The My Account area is organized into three sections: Account Settings, Email Notifications, and School Directory.

The screenshot shows the 'My Account' page in the Skyward Family Access system. The user is logged in as 'Jon Abbottschr'. The page is divided into three main sections: Account Settings, Email Notifications, and School Directory.

Account Settings: This section includes fields for Email (abastascr@scramble.com), Phone (555) 124-8463, and a Family Access Login (abastarg001). It also shows the Password Last Changed date (08/28/2014). There are buttons for 'Save', 'Profile Picture', and 'Undo'. Below these are checkboxes for 'I'm Using a Screen Reader' and 'Outline Links When Focused'. The Address (Mailing Address) section includes fields for Street Number (879), Street Dir., Street Name (11TH ST), SUD, #, P.O. Box, Address 2, Zip Code (55555), Plus 4, City/State (YOUNG AMERICA, WI), and County. An Address Preview box shows the address: 879 11TH ST, YOUNG AMERICA, WI 55555.

Email Notifications: This section includes checkboxes for 'Receive Daily Attendance Notifications for my student(s) by Email', 'Receive Grading Emails for my student(s) ?' (with a help icon), and 'Receive Progress Report Emails for my student(s)'. The 'Receive Grading Emails' section has radio buttons for 'Daily', 'Weekly (every Saturday)', and 'Monthly (1st of each month)'. The 'Receive Emails when Food Service Balance is under \$5.00' checkbox is checked.

School Directory: This section includes a checkbox for 'Add Family with Jon Abbottschr to the School Directory'. Below this is a section titled 'What information would you like to display for this family?' with checkboxes for 'Family Address', 'Family Phone Number', 'School for each student in the family', and 'Grade Level for each student in the family'. At the bottom, there is a table with columns for Guardian, Email, 2nd Phone, and 3rd Phone, with a row for 'Argentina' showing checkboxes for each column.

Account Settings – This is where you can view and modify the email address, phone numbers, and the street address. Some other helpful tools are accessible here as well, including.

- I'm Using a Screen Reader – If selected, titles on Web browser windows will be shortened to a description of the page to make these items easier to read for visually impaired users.
- Outline Links When Focused – If selected, this option will produce an outline around the area in focus that may be beneficial if you are visually impaired and using screen reader software.

Email Notifications – This is where you may subscribe to the various notifications made available by your district.

- Receive Daily Attendance Notifications for my students – If selected, guardians will receive a notification if their student has an attendance record entered for the day, either through Email, Wall Message, or Email and Wall Message.
- Receive Grading Emails for my students – If selected, emails are generated when a student has missing assignments in the current term, has an assignment score above or below the entered low/high range below, or if a grade from a past term has been modified.
 - Low % for [Student Name] – If desired, enter a low percentage to use for the assignments included in the grading email. Assignments with a percentage score below this value will be included. If no value is entered, the default value set by your student's school will be used.
 - High % for [Student Name] – If desired, enter a high percentage to use for the assignments included in the grading email. Assignments with a percentage score above this value will be included. If no value is entered, the default value set by your student's school will be used.
- Receive Progress Report Emails – If selected, choose whether you would like to receive this type of email Daily, Weekly, or Monthly. Note: The district determines which day of the week the Weekly email will be generated.
- Receive Emails when Food Service Balance is under \$x.xx – If selected, notification is sent when your student's Food Service balance is below a district-defined value.

School Directory – This is where you can choose to have your family included in the directory and can also choose the information you would like displayed, such as family address, phone number, the school for each student, and the grade level for each student, as well as the guardians email and phone numbers. This information may be available to all guardians in the district with access to Family Access.

Validate Ethnicity and Race

Dear Parent or Guardian:

Every school district is required to report to the Department of Education each year student data by race and ethnicity categories that are set by the federal government. The Department of Education does not report individual student data to the federal government but does report the total number of students in various categories in each school. These reports help us keep track of changes in student enrollments and ensure that all students receive the education programs and services to which they are entitled.

The federal government recently changed the reporting categories for student data. As a result, you have the opportunity to update the student data for your child. With the new reporting categories, you may now identify your child by ethnic group (either Hispanic/Latino or not Hispanic/Latino) and by one or more racial groups (American Indian/Alaska Native, Asian, Black/African-American, Native Hawaiian/Other Pacific Islander, White). Starting with the 2009-2010 school year, all schools will report student data to the Department of Education using the new categories.

Please complete the online form by no later than the first day of school.

For more information about the student data reporting categories for ethnicity and race, please contact the district office.

Sincerely,
Superintendent of Schools
Or DESIGNEE
