

## **North White School Corporation Federal COVID-19 Relief Spending**

Across Indiana, \$2.8 billion in federal funding has been allocated to local school districts to help address school's COVID-19 related needs.

Here at North White, we have been allocated \$3,278,172.00 from three rounds of Elementary and Secondary School Emergency Relief (ESSER) funding – which is based on the district's share of the state's Title I allocation – and federal Governor's Emergency Education Relief (GEER) funds.

Over the last two years, we have developed plans for how to strategically and sustainably deploy these funds to successfully accelerate student learning, support our educators, make a significant impact on innovation across our schools, update technology and other infrastructure, including HVAC to improve air quality.

**Read our full plans here -  
[GEER I--ESSER I: CARES Act--ESSER II--ESSER III](#)**

As a district, we are continually monitoring ongoing expenditures and adjusting the grants, as necessary. Per federal law, we have through September 2022 to encumber the first round of ESSER funding and through September of 2023 and September of 2024, respectively, to encumber the second and third rounds of their ESSER grants.

Funds are available for all school districts through a reimbursement process for approved expenses in the spending plan. Track North White School Corporation's current uses and reimbursements of these funds [here](#).

For more information on North White School Corporation's federal COVID-19 relief funding, please contact Nicholas Eccles, Superintendent at (219) 253-6618 or at [neccles@nwhite.k12.in.us](mailto:neccles@nwhite.k12.in.us).
